

THE COMANCHE CHIEF

SIXTY-FOURTH YEAR

COMANCHE, COMANCHE COUNTY, TEXAS, AUGUST 14, 1936

NO. 3

20 Years Ago

From The Comanche Chief,
August 11, 1916

For two weeks the Comanche County Jail has not had a single inmate according to Deputy Sheriff Joe Miller who carries the keys to the jail. This speaks well of the citizenship of our county and for the county officers.

Miss Leah Allen has been elected as one of the teachers in Comanche Public School. She taught two terms at Gap and the past year at Gustine.

Hugh S. Clarke leaves this week for Detroit, Michigan where he goes to accept a position with the Packard Motor Company in the inspection department. Hugh recently graduated from A. & M., specializing in mechanical engineering.

Are you a booster for the Comanche County Fair? If not fall in line and help make this splendid enterprise a success.

Marriage Licenses: Fred Coker and Miss Fay Pannell, Joe R. Byrd and Miss Irma Holland, W. J. Davidson and Miss Lydia Boynton.

The County Tax rate has been fixed at 47 cents, divided as follows—General 20 cents, jury fund 3 cents, road and bridge 15 cents, pauper 3 cents, court house 1 cent, jail 1 cent, county school fund deficiency 4 cents.

Sunday morning at 7 o'clock Bob Mitchell and Miss Isla Jaye were married at Blanket.

Elder Sam Powers came in from Winters last week and visited A. A. Hensler and attended the Cunningham reunion. S. H. Powers came to Texas from Missouri in 1858, settling first for three years in Parker County and coming to Comanche County in 1861. As a pioneer preacher his name is linked with that of Choc-taw Bill Robinson, Mason O. Coker, Peter W. Gravis, George W. Montgomery and William Pendergrass. Of these six, all but Sam Powers have answered the final roll call. Rev. Powers will be 80 years old in February.

The Comanche Tribe, an organization composed of students of Howard Payne College and Baylor University are camped at Sylvan Lake near Gustine.

J. M. Grigsby of Van Dyke says that he is going to help re-elect Charlie Culbertson to the U. S. Senate.

The Baptist revival closed Sunday. There were twenty-five conversions and thirty-eight additions to the church. Most every night the picture show, the pool hall and the confectioneries closed out of respect for the meeting. Four others joined the church as a result of a revival held at Brysonville by Rev. Rickard Vernon.

G. A. Beeman, first master of Hope Masonic Lodge of this city addressed the local lodge here at a meeting last week and in the course of his remarks related the following: "I was made a Mason when a young man at St. Mary's on the Coast. One of the prominent members of that lodge was a merchant and I was present at his store when the following incident occurred. A wharf master, whose duty it was to deliver freight from the boats to the merchant's place of business was also a prominent member of the lodge. Both of these men were of the highest integrity and courage, but unfortunately both unyielding and quick to anger. There was some misunderstanding in regard to the delivery of the freight. Both became heated and the lie was passed and the merchant reached into his desk for a pistol and his antagonist dashed after him in anger. Just at this instant another brother Mason standing by the counter, picked up a weight from the scales and struck the counter three quick blows. The effect was instantaneous, both men stopped as if by magic, anger gradually faded from their countenances and both of them turned and walked away. Not a word was spoken, but a few hours later these men met, mutually apologized and clasped hands in renewed friendship."

Mrs. C. F. Taylor and daughter, Heleine and son, Carlton, Jr. of Victoria are visiting Mrs. J. L. Payne and Mrs. Elbert Cox.

Chief To Be Out Early Next Week

In order that the candidates may get their last message to the voters in plenty of time for the election which will be held August 22, and also to accommodate the merchants who wish the public to have ample time to read their advertisements before the crowd gathers here on Election Day, the Chief will be published one day earlier than usual next week.

Advertisers and others who will have copy for the paper are asked to get this in as soon as possible, and not later than Wednesday.

FT. WORTH MAN KILLED AT HASSE IN AUTO ACCIDENT

D. T. Muse, 53, novelty salesman from Fort Worth, was killed instantly seven miles from Comanche on Highway No. 10 near Hasse Wednesday afternoon at 3:00 o'clock when a car driven by E. J. Turner of Stephenville, struck his parked automobile. Muse was reported to have been fixing a flat tire on the spare, and when the wreckage was cleared he was found with his head crushed under the front fender of his own car.

Turner, a cigarette and candy salesman, suffered from cuts and bruises but was not injured seriously. He was rushed to a Stephenville hospital.

W. E. Dixon of Coleman, who was walking a few yards in front of where the crash occurred, was an eye witness to the accident. Dixon reported that Muse was dead when he reached the wreckage.

Muse's body was brought to Comanche and is being held in a local undertaking parlor until funeral arrangements can be made by his children.

Officials are investigating the crash.

Comanche's new White-Way was opened on the Court House Square Thursday night when the lights were turned on for the first time to brilliantly illuminate the down town section.

Interest Aroused In Feeding Calves

(By J. R. Eanes)

Reports received by Livestock Committee of our Chamber of Commerce indicate that not less than forty and possibly as many as sixty calves will be fed by members of Vocational classes in Comanche County High Schools, and members of 4-H Clubs. This is five to eight times as many as were fed last year. The committee is much encouraged by the reports received and very much appreciates the interest shown in this project.

Interest in a Colt Show and Sheep and Goat Show was also reported. The committee agrees that such shows would be well worthwhile, and will be glad to assist in promoting them. To this end we suggest that interested breeders in these lines report to Secretary of our Chamber of Commerce within the next two weeks.

It is to the interest of Comanche County, as a whole, that the production of livestock in Comanche County be increased and that the quality be improved, and such increase and such improvement should be encouraged by all practical means, and this committee tenders its services to these ends.

Mr. and Mrs. C. F. Preston and son, J. C. of Meadow, Walter Ward of Wilson and George Hood of Sylvester spent the week-end with Dr. and Mrs. J. O. Lane.

Blanton Heckled By Ex-Townsend Officials Here

Congressman Thomas L. Blanton, speaking from the band stand at Comanche Wednesday night to one of the largest crowds of the year to attend a political address, was heckled by former officers of the Townsend Club and finally the Congressman called for officers to quiet the disturbers.

Mr. Blanton, who was presenting his claims for re-election over Clyde L. Garrett of Eastland in the run-off primary to be held August 22nd, was interrupted by B. F. Cadenhead, former President of the Comanche Townsend Club, when the Congressman stated that Congressman McGoarty was the leading man in the Townsend movement and that he had a telegram from McGoarty endorsing Blanton. Cadenhead spoke up and said that McGoarty was not the leading man and further protested when Blanton continued to discuss the matter. Cadenhead said, "Stay off the Townsend Club, you said it was all bunk and we are going to prove at the polls that you are all bunk."

L. H. Creamer, former President of the Comanche County Townsend Club then walked over and joined in with Cadenhead in answering Blanton. It was at this point that Blanton called for city officers to quiet the disturbance. W. A. Pate, Deputy Sheriff and Virgil Cash, Constable, walked over near Cadenhead and Creamer and there was no more interruption. Mr. Blanton then continued his discussion of the Townsend Plan.

At the conclusion of Blanton's address, Cadenhead stood on the steps of the band stand and asked Blanton's pardon for the interruption and Blanton went over and shook hands with him. Cadenhead then continued to talk and stated that he had no more confidence in Clyde Garrett than he did Tom Blanton, but would vote for Garrett, as Garrett could be ousted any time, but Blanton was hard to get rid of and now was the best opportunity.

At another time during his speech Blanton was interrupted when someone at the edge of the crowd shouted "Hurrah for Garrett."

At the beginning of his address Blanton said that there had never been any love lost between him and Oscar Callaway, but that there was one quality he admired in Callaway and that was when Callaway was Congressman, the people not only in his district, but all over Texas and the U. S. knew that this district had a Congressman and that Callaway never hesitated to take a stand for what he thought was right even if he had to buck the President of the U. S., and the balance of Congress.

Cites Garrett's Tax Record
In discussing the qualifications of Garrett, Congressman Blanton read a sworn statement from the City Manager of the City of Eastland, regarding delinquent taxes that Garrett owes the City of Eastland. Garrett owes delinquent taxes in the sum of \$2,259.56, according to the record, and Congressman Blanton pointed out that during the time this sum has been accumulating, Garrett has drawn \$30,000.00 in salary from Eastland taxpayers as his salary in the role of County Judge. In regard to delinquent taxes due the Eastland Independent School District, by Garrett, Judge Blanton produced a sworn statement from the Assessor and Collector of the district, that Garrett owes \$334.50 to the Eastland Independent School District, and this too, he said, has accumulated during Garrett's tenure of office, and drawing a salary from the county of Eastland.

Blanton Then Read Messages In-dorsing his candidacy, from Congressman Patman, McGoarty, McSwain, and others.

Blanton said that he was being opposed by the daily papers of Washington D. C. which referred to him as "that Congressman from a Hick Town in West Texas," due to his success in forcing the Washington residents to bear a just share of taxation in operating the District of Columbia.

PATMAN WILL SPEAK FOR THOS. L. BLANTON

ENGAGEMENT OF LOCAL TEACHERS IS ANNOUNCED

Mrs. J. B. Allcorn entertained with a garden tea last Friday announcing the approaching marriage of her cousin, Miss Sarah E. Burton, to Jim E. Reese.

Miss Burton is the daughter of Mr. and Mrs. John B. Burton of Comanche. Miss Burton is an honor graduate of Baylor University and received her A. B. degree in June, 1935. Last year she taught in the Comanche public schools.

Mr. Reese is a graduate of the University of Texas and served as principal of the Comanche Grammar School. The approaching marriage will unite two of the oldest and most prominent families in Comanche.

E. E. McNatt was a business visitor in Houston this week.

Hundreds of people, many of whom live in other parts of Texas and some in other States, have been in Comanche County the past few weeks attending family reunions which are more popular in this section, perhaps, than in other sections of the country.

An account of some of the reunions is given below and others will be held next week.

Cunningham Reunion Will Begin Saturday

The annual Cunningham Reunion will be held at the family's picturesque camp grounds near Newburg on the Pecan Belt Highway Saturday and Sunday.

The Cunningham reunion is one of the oldest in Texas and is known throughout the State and is held each year on the 15th and 16th of August.

Willford Reunion Is Held At Sturkie Bridge

For the thirtieth consecutive year, descendants of the late F. M. and Anna Eliza Willford celebrated a family reunion July 22 and 23 at the Sturkie Bridge on the Leon River, in Comanche County.

The family began to gather about 10:30 on Tuesday morning, July 22. At noon a picnic lunch was spread on a specially prepared table. The centerpiece of the table was a beautiful 30-pound white cake, inscribed with dates, 1906-1936, and decorated with pink rosebuds. The cake was made and presented by Willford's Bakery of Dublin. The Willford boys are grandsons of the late F. M. Willford.

For lunch Wednesday, July 23, two sheep were barbecued. These sheep were furnished by Jesse Willford. Another interesting feature of the day's celebration was the serving of an extra large cantaloupe. This enormous cantaloupe was complimentary of B. M. Franks of Gustine.

When a head-count was made Tuesday evening, there were 99 relatives and two visitors, making the total attendance 101.

All of the eight living children were present with the exception of Mrs. G. L. Stewart of Van Dyke. Other relatives included grandchildren and great grandchildren.

A business meeting was called Wednesday afternoon, and all officers were re-elected. The secretary reported that there had been four births, four marriages, and one death in the family since last year. M. D. Willford is president, Ednell Willford, secretary-treasurer and Mrs. Truett Cameron, reporter.

Lampasas has a City-County Library with 3000 select volumes. The library has been in continuous operation for six years and is widely patronized.

The Lampasas Library is financed by the payment of small dues and by funds received on the annual Library Day. Both books and money are donated.

A librarian is employed at a small salary and keeps the library open in the afternoon.

Gatesville is to establish a library and sent a delegation over to Lampasas to inspect the library at that place last week.

Someone has said that we are apart of all with which we come in contact. This is true whether the things with which we are dealing are flowers, books, people, or movies.

There is a scarcity of good books in Comanche, especially books for children. We do not have a library, but the people would probably support one if some capable person would take the lead in its organization. It is needed.

"I have fought a good fight, I have finished my course, I have kept the faith. Henceforth there is laid up for me a crown of righteousness." 2 Timothy 4:7.

An educator predicts that the time will soon be here when thrift will be taught in the public schools and given just as much emphasis as grammar, history, or arithmetic. The secret of a man's success or failure in life as far as finances are concerned, depends much on his ability to practice thrift.

According to reports from our exchanges, there are fewer contested offices in the August runoff than there have been since the double primary was adopted.

"Now and then you can hear some one say that you can prove anything by the Bible," says an exchange. One man says there is no God for the Bible says there is no God. Yes, but just how did the Bible say it. The Bible repeats what the fool said in the Fourteenth Psalm, "The fool said in his heart there is no God." Unless the brain is used in reading the Bible, like in reading any other book, you will not catch the meaning.

It is said that a certain Comanche man who is interested in the study of art has been to the Centennial so many times that the girls in "The Streets of Paris" are calling him by his first name.

A unique picnic was held in Collin County the other day sponsored by the defeated candidates in the recent election. An editor of another paper who attended said that the cheese was stale, the beer was under-ripe, the cocktail was shrimpy and the toastmaster acted as if it was "the next night after the morning before."

If you want to be buried really cheap, says an exchange, go to Dallas. A maximum bid of two cents per body was made by a Dallas funeral home recently for the burial of paupers of that city. One funeral home offered the city \$1.00 for the privilege of carrying out a contract for Negro burials. It is a case of good-will-building for the funeral homes, a case of excellent service for the deceased, and a case of tax-saving for the citizens of Dallas.

It is hard to get someone else to scratch your back in the right place, says Claude Callan, if you want anything done the safest plan is to do it yourself. This is only partly true, we might be able to scratch our own back better than anyone else, but a carpenter can build our house better, a mechanic can fix our car better, and sometimes doctors can give us better treatment than our old home remedies.

Hon. Thomas L. Blanton, who is a candidate for re-election to Congress from this district, is a brother of former State Superintendent Annie Webb Blanton, the only woman ever to hold that office.

Miss Blanton was teaching in the Teachers College when elected. She retired after two terms and was not a candidate for re-election. She is now teaching in the University of Texas.

You are perhaps familiar with most kind of trees including the cedar, the elm, and even a bee tree, but a new kind was found in Eastland County last week. It was a Beer Tree. The Sheriff of the county discovered a beer tree in which was located eleven cases of beer concealed in a box. An arrest was made and the owner of the tree released under a six hundred dollar bond.

Grass fires now seem to be common along the highways. Between Comanche and Fort Worth a fire can be seen every few miles, and at one place a small house was destroyed in a

fire that swept several miles over the country.

The third largest Centennial exhibit in Texas is at the University of Texas and is free to the public. Most of the exhibits are of a scientific nature including natural history. It is well worth a trip to Austin to see these exhibits.

Why does a man swear when talking to a friend or curse a person he is angry with, asks the Georgetown Sun.

Swearing is not cultured language. It shows the lack of a vocabulary. It is not smart, it is not pleasing language to ladies, men and is offensive to ladies. Cursing by an angry man is like raising the bristles of a fussy dog, looks scary, but really nothing to be feared. The swearer is an offender against God and is repulsive to men.

Some people forget easily. Many of our exchanges come out with the statement that Governor Allred was the first governor with an opponent to win in the first primary, while the truth is that it was only eight years ago when Dan Moody with four in the race won in 1928 by more than 150,000 votes.

The old saying "There is lots of complaint about the weather, but nothing is being done about Brady Standard. Much is being done about it, including the electric fan, manufactured ice, and the more recent air-conditioning of buildings and residences.

Some people who have gone through the hard knocks of making a living and rearing a family for 20 years or more imagine that things might have been better had they married Joe or Mary instead of their present companion. They often love the memory of their erstwhile sweetheart and remember him or her only at their best when if the truth was known, they might have done much worse than they did.

Roy Sanderford of Belton has reported to the Secretary of State that he spent \$6,988 in his unsuccessful campaign for the gubernatorial nomination. He listed \$6,746.98 in contributions. The report said former Gov. James E. Ferguson contributed \$4,851.98.

Former Governor James E. Ferguson, who has figured in Texas politics for more than 20 years, announced suspension of publication of the weekly Ferguson Forum.

"After 19 years of interesting and experimental discussion, I have decided that the Forum should cease from its labors and suspend publication," Ferguson said. "While I take this action with some degree of regret, I feel that I have earned a vacation and I believe the people are willing to let me have it."

It may be that at some future time I will feel that the Forum is needed in the discussion of public questions, and if such a condition arises, the people can be

depended upon to ask that I resume publication of the Forum."

Congressman Thomas L. Blanton, of the Seventeenth District, has challenged his opponent in a run-off contest, Judge Clyde L. Garrett, to meet him in a series of joint debates. The challenge was declined. Joint debates are practically events of the past. A half century ago there used to be masterly debates, when John H. Reagan, Dave Culberson, Roger Q. Mills, John Ireland, Stump Ashby, Joe Bailey, Cone Johnson, Wash Jones, John Hancock, A. W. Terrell and other giants participated.

This writer is in receipt of a copy of the Washington Evening Star under date of July 28, in which there appears an article signed by William C. Lee upholding Communism and belittling Congressman Thomas L. Blanton who made a fight on Communism in the Washington Public Schools. We quote from the article:

"Why do we have all this hysterical fear and indignation about Communism? Suppose any one really is a Communist. The general attitude seems to be: 'Oh, why of course—a Communist—that is awful!'"

"But again I ask why? The Communists may be fools. But it is hard to see how there is anything more immoral about being a Communist than about being a Solid South Democrat. It is equally true that the Communists have a right to be that way. They have just as good a right to express their foolish notions as the Daughters of the American Revolution have to express theirs. Certainly Mr. William Randolph Hearst expresses a lot of foolishness. So also does Representative Thomas L. Blanton.

"All this uproar about Communism and against the Communists is wicked. It is unpatriotic. It is un-American. The Communists are said to be opposed to American principles. But yet Representative Blanton, Mr. Hearst, the D. A. R., and those representatives of the War Department who shut down on anti-war agitation my methods that smell like persecution—all these are opposed to American principles, and they ought to be ashamed of themselves."

If fighting Communistic ideals is Blanton's worse offense, he should be awarded a badge of honor and given a permanent seat in Congress.

Why Gulf is the Gas for August

WHY NOT BEAT AUGUST HEAT by driving someplace for a swim? And if you want to keep your gas bills down, don't forget you need a fuel with a formula that fits hot weather. Otherwise your gas doesn't burn completely—part of it escapes through the exhaust unburned, wasted. Stick to That Good Gulf in August—it's "Kept in Step with the Calendar"—specially refined for summer driving. All of it goes to work, none of it goes to waste. Try Gulf and see!

"Kept in Step with the Calendar" THAT GOOD GULF GASOLINE

HERE ARE SOME REAL

FACTS

— ABOUT —

NATURAL GAS

COOL

Kitchens are as cool as the parlor with natural gas. Housewives may go on with their meals unconscious of additional heat. Those who have worked over old fashioned coal and wood ranges can really appreciate this fact. Natural gas, in an abundant flow keeps the kitchen at a minimum temperature. Natural gas is nature's coolest fuel.

ECONOMICAL

The savings on natural gas during the summer months are nothing short of sensational. Even with the continuous use of the stove in canning, preserving, and cooking during the summer months, the economy of natural gas stays at a minimum cost. It IS economy to use natural gas.

CONVENIENT

Convenience is paramount in the use of natural gas.—No fuss, no bother, no mess—just turn the burners and an instant hot blaze is yours for the effort. Natural gas is dependable for it is always there when you need it. Natural gas is nature's most convenient fuel.

SLACK'S FATHER HAS LETTER WRITTEN BY HERO OF THE ALAMO

R. A. Slack, father of Bob Slack, who lives in the Shady Grove Community and who is spending some time visiting his son, was in the office of the Irving News recently reminiscing of the early days of that part of the early days of that part of West Texas around Albany, Texas, in Shackelford County.

Among other things he brought with him a copy of a letter written by a great uncle of his, D. W. Cloud, who came to Texas from Kentucky at the age of 23 on a mission as a lawyer and was massacred in the Alamo in San Antonio in defense of Texas against Mexican rule. His wife also has the distinct honor of having had a grandfather, John Dillard, who died in the same siege of the Alamo by the Mexicans.

Mr. Slack knew the Albany, Texas, country some fifty odd years ago, when it was really wild and woolly. He remembers to have been in old Ft. Griffin on occasions when Sam Bass, the Dalton boys, Billy the Kid and other desperadoes rode into town and shot up the works. Ft. Griffin was located near Albany. While in Albany he served as jailer and deputy sheriff for a number of months, but declares that he resigned as jailer when a mob overran the law forces and lynched a prisoner, even though he was being paid \$65 a month and given his board.

A little later on Mr. Slack settled down at Comanche, Texas, where he lived for forty or more years and reared a large family.

The editor of the Irving News made a few tracks a little later in Stephens and Shackelford counties than Mr. Slack did, but it was when he was a small boy. He knew where Ft. Griffin is located, since his father lived about half way between Breckenridge and Albany. It was wild out there even then with a lot of devilment being carried on by tough cowboys. He also lived later on in Brown County near Blanket, and Comanche and can talk about mutual acquaintances with Mr. Slack down in that region.—Irving News

With reference to Syrup of Black-Draught, which this mother gives her children, she says: "They like the taste and it gave such good results."

COMANCHE MAN MARRIED TO FORT WORTH GIRL

Of considerable local interest is the marriage of Miss Florence Rainer of Fort Worth and Rea T. Hoff of Comanche. The ceremony was performed Thursday night in Fort Worth at the Magnolia Avenue Christian Church and was an event of much social interest there.

Rev. J. Leslie Finnell read the ceremony before an improvised altar of greenery and white asters. Mrs. Kelly played the Mendelssohn wedding march as the couple approached the altar, unattended.

The bride wore an Eleanor blue lace gown over cream taffeta, made with a slight train and worn with a picture hat of blue lace. She carried a sheaf of coral gladioli.

After the ceremony a reception was held at the home of the bride's mother, Mrs. Florence Rainer, 2020 College Avenue. A two-tiered wedding cake, topped by a miniature bridal couple, centered the lace-covered table from which an ice course was served.

The couple will spend several days in New Orleans, after which they will live in Comanche, where Mr. Hoff is in the oil business. The bride traveled in a tea rose knitted suit with matching hat and beige accessories.

DON'T FEED WORMS

Why spend money to feed worms? Worms consume the feed which would normally be used by young chickens to build blood, tissues, and strong, healthy bodies. Money is wasted in feeding wormy birds. The birds themselves remain underweight, below normal production, and highly susceptible to deadly diseases. Dr. Salisbury's Avi-Tone removes up to 98 per cent of roundworms in chickens. Avi-Tone has no fillers and is 100 per cent medicine; for that reason it is the most economical to use as a flock treatment. Simple to use. It mixes easily in wet or dry mash and acts as a tonic and conditioner while actual worm removal takes place.

See us today and receive your free copy of Dr. Salisbury's new 24-page book "First Aid to Growing Poultry." It contains the latest scientific information on worm control and vaccination.

Let Us Reason Together

Things being equal Comanche County should support her home man. There is no serious question of policy or government involved in our Legislative race. The Mills County candidate is likable and capable. But we submit that Judge Luker is his equal in personality, ability and character. Luker is more experienced and has studied taxation and other questions of government longer. His service during his first term merits a second.

The premises considered, Judge Luker has a valid claim to Comanche County's support.

The only trouble is we need more men and women of that type.

The champion soft drinker of the world was recently unearthed at the Texas Centennial Exposition—but his name remains a mystery. Guest of an oil corporation for a day of special events, waiters announced that in eight hours he consumed two cases of a nationally famous beverage.

In 1930, Texas produced 550,000,000 cubic feet of natural gas, and furnished gas to St. Paul, Chicago and other cities, as well as to various localities in the Republic of Mexico. The line from Pampa, center of the world's largest natural gas field, to Chi-

cago, is nearly 1,000 miles long, and cost \$100,000,000.

Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'doleless.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." ... If Cardui does not help YOU, consult a physician.
